06

Avondale Services & Supplies Limited is an indigenous Nigerian company incorporated in 1994, delivering integrated solutions across infrastructure development, environmental remediation, construction, and healthcare-supporting equipment supply. For over three decades, the company has completed projects that strengthen Nigeria's essential systems through an impact-driven approach grounded in technical excellence and responsible delivery.

Rooted in deep local knowledge and strengthened by strategic partnerships with international collaborators, Avondale combines global best practices with on-the-ground understanding of Nigeria's environmental, regulatory, and operational realities.

This dual perspective enables the company to deliver complex projects to internationally recognised standards while staying true to local communities and conditions.

Avondale is driven by a multidisciplinary team of experienced professionals who work collaboratively to provide reliable, high-quality, and value-driven services. Across its work, the company is committed to building, restoring, and supporting systems that improve everyday life and create durable value for clients, partners, and communities.

OUR MISSION:

At Avondale Services & Supplies Limited, we are committed to empowering communities and creating lasting impact through sustainable job creation and transformative infrastructural development.

OUR VISION:

Our vision is to be a leading provider of innovative, people-centered products and services that enrich lives and strengthen communities.

OBJECTIVES:

At Avondale Services & Supplies Limited, we are committed to advancing Nigeria's local content policy by executing specialized developmental projects with highly trained and certified professionals at every level. We strive to deliver the highest quality services through a rapid, client-focused response approach, while sustaining excellence through continuous competence, innovation, and empowerment. All our products and services are tailored to meet the unique needs of our clients, adhering strictly to globally accepted standards, safety protocols, and best practices, even in the context of evolving challenges such as the current pandemic.

OUR STRENGTH:

Avondale Services & Supplies Limited with its strategic local and international partners is capable of providing services and executing projects in the areas of; environmental remediation services, construction, housing development, dredging and boat building services, renewable energy and medical services.

Through our international partners, we have the unique capability to obtain external funding to undertake projects related to infrastructural development in Nigeria

OUR PHILOSOPHY:

What is worth doing, is worth doing well - Guided by a philosophy of excellence without compromise, we deliver results efficiently, responsibly, and with integrity, always respecting the needs of the people and stakeholders we serve. Every project we undertake is driven by our dedication to quality, timeliness, and fairness, ensuring meaningful outcomes that benefit both our clients and the wider community.

BOARD OF DIRECTORS:

Dr. Ayibatonye Owei

Chairman/CEO:

Dr. Ayibatonye Owei, former Commissioner of Health in Bayelsa State, is a consultant obstetrician and gynecologist with over 30 years of clinical experience, combining medical expertise with a strong entrepreneurial vision. He holds a Master's in Business Administration and has built a distinguished career as a visionary leader and international businessman.

Having lived and worked in Nigeria, Germany and South Africa, Dr. Owei brings a global perspective to his leadership and serves on several boards across Nigeria and South Africa. Fluent in German, he leverages his international exposure to drive innovation, sustainable development, restoration of environmental degradation and community empowerment through his work. Passionate about creating opportunities, he is committed to using his knowledge, experience, and networks to foster economic growth, human development, and lasting impact in the communities and sectors he serves.

MRS. NGOZIKA OWEI

Managing Director / Business Development Director

Mrs. Ngozika Owei is a meticulous and accomplished business leader with an MBA from the University of Cape Town Graduate School of Business (GSB), South Africa. As Managing Director and Business Development Director of Avondale Services & Supplies Limited, Nigeria, and Medical Rescue 911 Limited, she brings strategic vision, operational excellence, financial intelligence and a results-driven approach to every aspect of the business.

With extensive experience in banking and finance, investment, human resource management, Mrs. Owei is a core administrator who ensures organisational efficiency and excellence. An astute entrepreneur and businesswoman, she combines analytical acumen with leadership prowess to drive growth, foster innovation, and uphold the highest standards of service delivery across all operations.

OFFICIAL ORGANOGRAM

OUR SERVICES:

- ◆ **Environmental Restoration and Ecosystem Recovery:** Implementation of comprehensive environmental restoration, site characterization, and ecosystem recovery solutions, including environmental site investigations, intrusive and non-intrusive site characterization, soil and groundwater assessment, contamination delineation, geological and hydrogeological profiling, risk-based contamination classification, and remediation feasibility studies. Our services also include the design and implementation of soil and groundwater remediation programs, enrichment planting, habitat rehabilitation, shoreline protection, dredging, land reclamation, and other restoration initiatives aimed at restoring degraded environments and promoting long-term ecological sustainability.
- ◆ **Community Development, Empowerment, and Resilience Building:** Delivery of inclusive community engagement programs through skills development, livelihood support, local participation in project execution, and capacity-building initiatives aimed at strengthening socio-economic resilience and community ownership.
- ◆ **Healthcare Infrastructure and Emergency Response Systems:** Supply and installation of state-of-the-art medical equipment, construction and equipping of hospitals and health centres, and provision of fully equipped land and marine ambulances to enhance access to quality healthcare, particularly in riverine and underserved communities.
- ◆ **Civil and Social Infrastructure Development:** Construction of roads, bridges, buildings, and related infrastructure to improve connectivity, safety, and economic activities within host communities.
- ◆ **Marine and Industrial Assets and Support Services:** Design and construction of marine vessels including houseboats, passenger ferries, and patrol boats, as well as leasing of heavy-duty construction and marine equipment to support environmental, infrastructure, and community development projects.
- ◆ **Procurement and installation of solar-powered energy schemes:** Delivering reliable, cost-effective, and sustainable power solutions. Our services cover system design, supply of quality components, installation, testing, and ongoing maintenance for residential, commercial, and public facilities.
